

MOLAKALAPUDI MUNIRAJA

SENIOR SOFTWARE ENGINEER

SUMMARY

- Front-End Developer with **6 years of experience** specializing in building responsive, high-performance web applications using **JavaScript, HTML5, and CSS3**.
- **3+ years of hands-on expertise** in modern frameworks and libraries including **React.js, Redux, TypeScript, Tailwind CSS, Bootstrap**, and **Jest** for unit testing.
- **1 year of experience** working with **Adobe Experience Manager (AEM)** and **Alpine.js** in CMS and lightweight JavaScript-based environments.
- Proven track record in developing and maintaining scalable, component-driven front-end architectures in **Finance, Healthcare, and E-Commerce** domains. Skilled in using **Functional Components, OOP concepts**, and writing clean, reusable code.
- Strong experience working in **Agile/Scrum** environments, collaborating closely with cross-functional teams, and using tools like **VS Code, Git, GitHub, GitLab, JIRA**, and **Confluence** for efficient version control and project tracking.

EXPERIENCE

T-Mobile

02/2024 - 04/2025

Senior Developer

T-Mobile is a leading telecommunications company providing wireless services across the United States

- Actively involved in the development and delivery of customer-centric Payment and Account modules
- Collaborated with team members to optimize performance and reliability
- Utilized advanced technologies including AEM (Adobe Experience Manager), TypeScript, Alpine.js, and Pub/Sub for content management
- Ensured seamless, scalable, and user-friendly solutions
- Achieved over 90% test coverage for each merge request (MR)

SKILLS

Technologies / Frameworks:

HTML5 · CSS3 · JavaScript ·
TypeScript · React-JS · Redux ·
Bootstrap · Tailwind-CSS · SASS ·
Alpine.js · JEST · Material-UI ·
Adobe Experience Manager (AEM).

Domain/Industry:

Finance · Healthcare · E-Commerce.

Internet / Web Technologies:

Web Standards · Responsive Design ·
Cross-Browser Compatibility ·
Performance Optimization.

Version Control :

Git · GitHub · GitLab · JIRA ·
Confluence

IDEs / Code Editors:

Visual Studio Code (VS Code) ·
Notepad++.

Operating Systems:

Windows · iOS · Linux

KEY ACHIEVEMENTS

Critical Project Delivery

Successfully delivered a critical project ahead of schedule, meeting all requirements and ensuring client satisfaction

Dynamic UI Improvement

Developed dynamic user interfaces using React.js, improving user interaction and reducing page load times by 25%

EDUCATION

Vikrama Simhapuri University

B.Sc. in Computer Science
Nellore 08/2016 - 06/2019

INTERESTS

Curious Learner

Always eager to explore new tools, frameworks, and design trends that push the boundaries of user interfaces.

EXPERIENCE

UK Gov't Application (Post Office)

08/2022 - 08/2023

Senior Developer

Post Office Limited is a retail post office company in the United Kingdom

- Worked on requirement analysis, implementation, and maintenance across SDLC phases
- Integrated REST APIs web services written using React.js and tested on Postman
- Created custom components, hooks, and design patterns
- Managed day-to-day scrum calls with proper DSU and Jira updates

Paragon Clinician

12/2021 - 07/2022

UI Developer

Paragon Clinician Hub is a web-based information presentation and workflow management solution

- Developed new user-facing features using React.js
- Built reusable components and front-end libraries for future use
- Optimized components for maximum performance across various devices and browsers

Road Service Provider

09/2019 - 10/2021

Developer

Project developed to manage and maintain service providers for vehicle management for end-users

- Delivered a complete front-end application
- Ensured high performance on mobile and desktop
- Wrote tested, idiomatic, and documented JavaScript, HTML, and CSS
